BADLY WOUNDED IN RIOT****Deputy and Soldiers at Bay Fight Desperately for Their Lives Against
Terrific Odds.**

(Continued From Page 1.)

Least seven fatally injured, the result of a six weeks' old labor dispute between the Pressed Steel Car Company at Schoenerville and its employees.

From midnight until dawn today county and State officers searched dark alleyways and crowded desolate tenements for additional wounded men and women.

Death List to Grow

Before nightfall, it is predicted that the death list will total more than a dozen, while it is anticipated that hundreds of rioters will bring to light two score wounded and injured. The State's toll is two dead and one fatally injured, the county lost a deputy sheriff, while the striking employees of the car company lost five of their leaders, two dead and three fatally injured.

Woman Shot

One woman, wife of a striker, for the sake of her husband's safety was shot in the back and will die. A boy who stood beside her during a clash between the State troops and the infuriated mob of strike sympathizers also was fatally shot.

Mrs. Michael Nestor of McKee's Rocks reported to Lieutenant Smith of the State constabulary today that last night during the rioting fifteen members of the mob had forcibly entered her apartment while she was on another floor visiting friends and the men crawled under beds, into closets and hid behind furniture. A squad of State troops, pursuing the fleeing rioters, entered the apartments and locked the door behind them.

Unmercifully Beaten

Mrs. Nestor said the troops then dragged the men from their hiding places and one by one beat them unmercifully with three foot heavy clubs. In the melee, beds were torn apart and ripped up, mirrors were smashed and furnishings of the flat more or less demolished.

Shortly before noon Sheriff Gumbert stated he would not announce until late today whether he would ask the governor for additional armed forces.

In going over the riot district deputy sheriffs found two unexploded bombs which had been thrown during the disorders.

Two State troopers are dying in a hospital.

Trooper Williams, who was killed, joined the constabulary from Monterey, Cal. He was a scout under General Lawton.

Additional constabulary is reported to have left Funsattinway, Pa., early this morning and will augment the force of State troopers now at the car plant under command of Captain March. Sheriff Gumbert of Allegheny county has already sworn in full a hundred additional deputies in anticipation of renewed rioting today. It is not unlikely that the State militia from the Eastern part of Pennsylvania will be ordered to Pittsburgh within the next twenty-four hours.

Riot Unexpected

Last night's rioting came suddenly and without warning at the close of a calm and peaceful Sunday. About 9 o'clock strikers were seen together at the Schoenerville end of the bridge, a Lake Erie Railroad viaduct, and it was rumored that a number of strike breakers were being brought from the city into the plant. Flocks were immediately disbanded.

Every car that came from the city was held up for some time when a car carrying Deputy Sheriff Harry Exler came along. He was returning from Pittsburgh to the steel car plant. A revolver was placed at the motorist's head and the car was stopped. A crowd of strikers immediately surrounded the deputy sheriff and he was ordered to leave the car. Instead, it is said, he threw back his coat and showed his star. This was the signal for a fusillade of shots. Ex-

ler was killed.

By midnight, McKee's Rocks was as quiet as on a Sabbath afternoon. News that the strikers had again taken the law into their own hands last night was only brought to Pittsburgh after rioting had been in progress some time. Then a messenger boy arriving from McKee's Rocks brought the report that a deputy sheriff had been killed and several strikers and mounted State constabulary.

When an attempt was made to telephone communication with McKee's Rocks it was found that the wires had gone down temporarily. From 10 o'clock rioting was reported to have been going on at the car plant. It was reported that the rioting had occurred at the Schoenerville entrance of the Pressed Steel Car Company's plant.

Many Are Wounded

A dozen men, both strikers and police, are reported to have been killed, while at least two score men, women and children are suffering from bullet wounds and injuries inflicted with clubs and stones.

Property was damaged to the extent of thousands of dollars. Three street cars were wrecked, many vehicles smashed, nearly a hundred cars with window glass broken and half a dozen horses shot to death.

Davidson changed conditions from a scene of absolute lawlessness to one of quietude. Foreign women who had been loitering in the vicinity of the car plant, implored in investigations concerning missing relatives, probably either shot to death or mortally wounded.

Shooting Continues

Shooting continued from various sections of the strike zone long after the main battle had been fought last night, but did not reach serious proportions and the troops remained close to the plant.

Just as dawn was breaking the constabulary mounted and heavily armed to the scene of last night's carnage and gathered every particle of evidence. Hats, collars, vests and other wearing apparel were found and taken to the company's office. Every effort will be made to locate the owners, with a view of arresting them in connection with the deaths of the officers.

Halt Strikers

Leniency heretofore displayed by the constabulary towards the strikers is absent today. Stringent measures are being used and the least overt act committed by the strikers is met with a riot stick or the hoofs of a policeman's horse. Attempts were made this morning to prevent the holding of a mass meeting at the historic Indian mound where, up to this time, the meetings of the idle men have been held daily. Thousands of strikers began their journey to the mound early today, but many of them were forcibly and abruptly halted and started in an opposite direction.

During the rioting last night several street cars of the Pittsburgh Railroad Company were damaged while being from freight cars on a siding of the Pittsburgh & Lake Erie Railroad were used as missiles by the rioters and scattered over a wide

**MME. CARO ROMA
TO GIVE RECITAL**

Famous American Prima
Donna Will Be Heard in
San Francisco

Mme. Caro Roma, the American prima donna, author and composer, will give a recital of Roman songs and compositions on Monday evening, October 11, 1909, at Golden Gate Commandery Hall, 2137 Sutter street, San Francisco, at 8 o'clock.

The composer will have personal charge of the program in its entirety and will be assisted by the best local talent procurable.

There will be given to every lady present a souvenir catalogue, containing a photograph, "write-up" and several of the most noted Roman songs.

Twenty-five minutes will be allowed for the seating of the audience, all doors being kept closed during each number, during the singing of the songs and will be opened for perfect attention during the program.

The price of the tickets for the Roma recital in San Francisco has been reduced to \$1.00 general admission; there are a few reserved seats at \$1.50.

Tickets on sale at Sherman & Clay's, corner Sutter and Kearny in San Francisco, and in the Oakland store at 1120 Broadway. They can also be secured direct from Caro Roma, 327 California street, San Francisco.

Poorhouse Inmate
HEIR TO FORTUNE

BLOOMINGTON, Ill., Aug. 23.—Through the death of Oliver Newhouse of Indianapolis, Albert Newhouse, an inmate of the poor farm of this county, becomes heir to the former's fortune of \$200,000. The legatee is thirty years old and has been sick, penniless and friendless for some time. He had been employed at a local hotel as porter for several years but had suffered an attack of rheumatism six months ago and was compelled to go to the poor farm.

Valuable property of other companies was destroyed.

All Are Searched

Every one within the strike district today is stopped by the police and thoroughly searched.

An investigation by the Associated Press shows last night's battle resulted from the fact that three new members of the State constabulary refused to obey the commands of strikers when ordered from Greensburg, Pa., to the plant, were in citizens' clothes. For weeks the strikers have been holding up street cars and ordering the occupants out. Last night the three constabulary men, who were armed, resisted the order and for twenty minutes a battle ensued.

Clubbed and Shot

It is apparent today that all the dead and a majority of the injured fell in this little later when reinforcements arrived. Many more were clubbed and shot, but the first battle waged by only four men against a mob was the fatal one.

The force of State police located at Funsattinway, Pa., is expected to arrive during the day.

D. K. Gardner, chief clerk for the Pressed Steel Car Company, said:

"Speaking for the general superintendent, I wish to state that the Pressed Steel Car Co. is taking absolutely no official cognizance of the riots of last night. We have put the matter of personal and property protection directly upon the shoulders of the county and look to him to take care of the situation here. So far as the car company is concerned, we even deny a strike situation at the present time, for our plant is in operation today and will continue so during the week."

Information against twenty-seven persons now detained in the box cars, charging them with aggravated assault and battery, carrying concealed weapons and inciting a riot were made today by the State constabulary. Several scores are in custody for participation in last night's disorder.

A house to house canvass is in progress today. All weapons are being confiscated by the troopers.

Search For Dynamite

A rigid search is being made for dynamite, a large quantity of which is reported to be in the possession of the strikers.

A force of deputy coroners have been dispatched to McKee's Rocks with instructions to ascertain if possible the identity of the instigators of the trouble.

Practically the entire detective force of the county has been sent into the strike zone for the first time since the inception of the trouble.

WASHINGTON, Aug. 23.—Secretary Morrison of the American Federation of Labor proposed to the department of Commerce and Labor to investigate the conditions under which men are working for the Pressed Steel Car Company at McKee's Rocks, Pa. Not one of the men now on strike, he said, is affiliated with the American Federation.

He said: "Investigation has shown me that there is not a member of the Iron and Steel Workers' America, working for the Pressed Steel Car Company."

"By the introduction of foreign labor that company has reduced the wages of its own men to such an extent that the aliens, who do not speak our language, have revolted. An investigation of this condition by the government would reveal astonishing methods."

POOLING SYSTEM
CAUSES STRIKE

PITTSBURGH, Aug. 23.—Six weeks ago, 3,500 employees of the Pressed Steel Car Company, mostly foreigners, walked out on strike. The men declared they would not accept the pooling system of wages in force at the car plant at that time. By the pooling system the men declared the car company managers get more work out of them for less money than under a straight day wage scale.

Pooling System

The pooling system involved a plan for paying the men at each piece of work completed, each man working on the piece receiving a percentage of the cost of the completed job.

At the inception of the strike President Frank Hoffstet of the Pressed Steel Car Company made the formal statement that he would not treat with the men in any way except as individuals.

Since the walk-out the strikers have formed an organization, gathered a strike and relief fund, and through their attorneys, have endeavored to bring about a settlement of the strike by court intervention, arbitration and Company's Stand

The car company in explanation of its stand against the striking men, declares that on account of the nature of the workmen, for the greater part, to either read or write English, it is impossible for the car company officials to convince them that a pooling system whereby a man draws smaller wages one week and larger wages the next is reasonable.

**"Paid in Full" Paints American
Conditions With Great Fidelity**

SARA PERRY,
Leading lady in "Paid in Full," at the Meadonough Theater tonight, tomorrow, Wednesday and Wednesday matinee.

Among the many distinctive features of Eugene Walter's "Paid in Full," which comes to the Meadonough Theater commencing tonight for a limited engagement of three nights, with a matinee Wednesday, that makes it the exceptional play of the time, is the character of the hero, who is anything but heroic. That is to say, the leading man, who is usually the hero in the play, is really the villain in "Paid in Full." Men and women possess the quality, but there is not a spark of it in the leading man. He is Joe Brooks, an \$18-a-week clerk, who in presentment at not being advanced in business, stole from his employer. When he is found out he tries to shift the blame on his young wife and to sacrifice her to gain immunity from punishment. There have been many plays in which the leading man has shown a bad streak at one time or another, though in the end he has redeemed himself by proving the right sort. Not so Joe Brooks. He carries viciousness, lashed by one glimpse of his own life when he is face to face with his employer, Capt. Williams, he openly and strongly expresses his opinion of him and of his methods.

Certain analysts, though, have seen a vein of generosity in Brooks. No character in contemporary drama has been so widely discussed as this one. He is of a type common to every American city, and it is to Mr. Walter's credit as a playwright that he has pictured this character with as much fidelity as with many essays to be written on conditions that produce Joe Brooks. In fact, "Paid in Full" has attracted a greater degree of attention from those who view the stage as a vital factor in modern life and recognize its value as an instructive as well as an entertaining institution than any play that has attempted to portray existing conditions. That it has secured popularity in the process is convincingly demonstrated by its career. More persons have seen "Paid in Full" more companies have played it than any other piece in theatrical history. The Wagner-Julius & Kemper Company is maintaining this season the five companies that play "Paid in Full" all last season, each of which has to its credit a New York engagement. The cast is as follows: Louis Morrell, Sara Perry, Ned Findley, Clara Reggel, Rose Snyder, Catherine Tatham and Allen Atwell.

**WANT DIFFERENT
PURE FOOD LAWS**

Food and Dairy Convention
Has Model Legislation as
Its Object

DENVER, Aug. 23.—Preliminary committee meetings occupied the time today of the delegates to the Association of State and National Food and Dairy Departments, which opens its annual convention here tomorrow. The committee on model food laws attracted the most attention, and Chas. W. Ladd, food commissioner of North Dakota, who will urge a more favorable food law in place of the Federal law adopted by many States, sat with his committee.

Manufacturers, State commissioners and others interested have been invited to submit ideas for new laws. Other committees in session today, which is committee day, are those on preservatives and food standards, and a draft for a bill on sanitary food production and distribution.

Secretary of Agriculture Wilson said today that he was merely an interested spectator and did not expect to speak, but would defend his department if necessary. This means that the secretary will strongly oppose favorable action on the so-called Ladd model food law.

The Federal law has been adopted to give uniformity.

Wilson in an interview, "Twenty-five States have adopted the Federal law without material change. The way to a model law is not to undo what has been done, but rather to change the Federal laws where defects are found."

George McCabe, solicitor of the Department of Agriculture, contends that to change the Federal law for the Ladd "model law" would be unwise. The Ladd followers assert the Federal law is not suitable for the needs of all the States.

During Allen's absence, Chief Deputy G. C. Starr, who is thoroughly proficient in all the requisite duties, will officially conduct his business.

Bank Clerk Ignores Hold-Up's
Command and Takes to
His Heels

J. E. Townsend, a clerk in the First National Bank of San Francisco, by a bold and quick escape, escaped an attempt to hold him up last night at the corner of Twenty-seventh street and Telegraph avenue.

Townsend was returning to his home, 1048 Oak street, when the attempted robbery took place. He was passing a high board fence, which obscured the view, when suddenly a masked and armed man stepped from behind it with the command of "hands up."

Instead of complying, Townsend took to his heels and made a bee line for the police station. A posse of police were rushed to the scene, but without avail. Townsend says that after he had run about three-quarters of a block, he turned and saw the would-be robber take his position behind the fence. It was this action of the part of the footpad that caused the police to rush officers to the scene.

Veteran's Street Railway Employees Act as Pallbearers for Dead Body

Claims Deceased's Fiance Exerted Undue Influence Upon Her

SAN FRANCISCO, Aug. 23.—The funeral of James B. Stetson, pioneer of San Francisco and for twenty-two years president of the California Street Railway, was held yesterday morning at 10 o'clock from his late residence at Van Ness avenue and Clay street. The house was thronged with friends, many of whom had come from a distance to pay their respects to the departed capitalist and many handsome floral pieces were sent.

The services were conducted by Rev. Bradford Leavitt, pastor of the Unitarian Church, which Stetson had attended for many years. The casket was borne by six of the oldest employees of the California Street Railway. The remains were cremated at Old-Followers Cemetery. The honorary pallbearers were:

W. F. Whitford, Judge Cooper, Dr. W. C. Thomas, Charles Holbrook, John F. Merrill, J. W. Harris, R. H. Sprague and Judge R. C. Harrison.

Stricken Suddenly

Stetson, who was 64 years old, was apparently in good health prior to Sunday a week ago, when, just after returning from a fishing trip on the McCloud river, he was suddenly stricken with kidney trouble, which resulted in his death on Saturday last.

Mrs. Stetson died sixteen years ago. Three children are prominent figures in California and national society. Harry B. Stetson lives in this city. The other children are Mrs. Sarah Winslow and Mrs. Robert Oxnard.

Mrs. Winslow and Mrs. Oxnard are in Paris, where they were notified yesterday of their father's death. Robert Oxnard of Washington arrived Saturday from Europe.

SAN FRANCISCO CLERK
DROWNS AT SAN MATEO

SAN MATEO, Aug. 23.—Thomas Spellman, Jr., 15 years old, son of Thomas Spellman, president of the Colma Improvement Club and a well-known San Mateo county politician, was drowned yesterday at a point near San Mateo beach.

Spellman, who was a clerk in San Francisco, came down to the San Mateo beach with his brother. Intending only to go wading, he jumped from the wharf, but went over his head. He was pulled out by his brother before a crowd of onlookers, and although he had been submerged only two minutes he was dead. Physicians were hastily called, but they found the boy past resuscitation.

ANNOUNCEMENTS

BRIGHT'S DISEASE

Late estimates on the percentage of recoveries under the new emollient treatment for chronic Bright's disease, heretofore recorded as irreparable, give the following approximate figures: In extreme cases in which the heart has become weak and where the kidneys are probably not more than 10 per cent of the normal, the cases that respond with sufficient promptness to prevent the fatal issue (where physicians aid in making determined efforts to restrain fatal symptoms this efficiency is increased).

In cases where patients have from 20 to 60 days of life remaining the efficiency is naturally still higher.

Where the patients do not wait until they are bedridden, but are up and about and have a reasonable certainty of several months, probably three-fourths yield, and in cases in which the patients treat the disease seriously on its appearance nearly nine out of ten respond.

The albumen, casts and dropsy of months or years standing that are supposed to make up an incurable and fatal case do not of themselves prevent recovery; the determining factor now being the recuperative power of the heart and various functions. In a word, the renal inflammation should be attacked before the heart and physical system are broken down.

The new emollient treatment is known as Fulton's Renal Compound, and is a full literature mailed on application. Address the John J. Fulton Company, 212 First street, San Francisco, Cal.

In cases in extremis that appear hopeless the physician can do much by sustaining the heart, increasing the diuretic and output of urea, stimulating the nutrition, etc., and thus restraining fatal symptoms till the renal inflammation begins to recede.

We have a six-cent page brochure full of helpful measures for the attending physician that we will mail free. We invite correspondence with physicians who have obstinate cases and will take each case up individually and advise.

Evil Combination Disrupts Marital Happiness of Fralicks

Accusing his wife with immoral conduct with one Jack Bergman, of frequenting a cantina and with keeping company with male and female characters of ill repute, Alan Fralick, a salesman, brought suit in the Superior Court today against Pearl Maud Fralick on the ground of extreme cruelty, and asks the court to limit to him the custody of their little child.

His wife, alleges Fralick, would often remain away from home all night and often most of the following day in pursuit of her chosen kind of amusement, and in connection with Bergman, the husband's law, he robbed him and then made his escape, says Fralick, by grabbing his clothing and disappearing. Fralick sets forth that once before he brought a similar suit against his wife, but there was no reconciliation, and on this occasion Mrs. Fralick promised to "quit her 'frequenting' in quest of fun and frolic and to be a good mother and did not last long.

AVERILL HEARING IS POSTPONED

Expected Deposition Laying Bare Famous Chef's Romance Not Yet Made

SAN FRANCISCO, Aug. 23.—The case of Edward Averill, who is endeavoring to secure \$5000 from the estate of August Artot by claiming that he is the illegitimate son of the latter, did not come up for hearing in Judge Coffey's court this morning, as the matter was called, but there being no answer of counsel, there were no proceedings. It was expected that the deposition would be offered laying bare the entire story of the life of Mrs. Edward Averill, the wife of a prominent official of the Southern Pacific Company, whose past history up to this time has not been known.

According to young Averill's story, Mrs. Averill formerly lived with August Artot, who was a famous old chef of the Baldwin Hotel. The couple met in the east and married. She says she was born, the wife discovered that Artot had another wife living to whom he had been legally married, and she was left upon him to divorce her, but without success. Later, after a separation between the two Mrs. Averill left her present husband at Saratoga, and they were married, although Artot did all possible to prevent the marriage. Young Averill is now expending the large sum of money in an effort to recover the third of the estate which would amount to \$5000. His share after the divorce was paid, would, however, amount to only \$1500.

TRY TO IMPEACH WOMAN ON STAND

Paramour's Claim on Estate of Thomas Carvey is Fought For Her

An attempt is being made in Superior Judge Brown's court today to impeach the testimony of Mrs. Catherine Carvey, also known as Mrs. Catherine Schustel. The issue is in connection with the hearing of a bill of exceptions to the woman's claim for \$1015, with interest since 1891, which she made against the estate of her alleged common law husband, Thomas Carvey. Attorney Lippitt and Hunt are making the contest in the interest of Carvey's surviving brother, John Carvey of Ireland. Mrs. Carvey testified that on two occasions, once in 1891 and another time in 1893, she gave the money in dispute to Carvey. It is on this testimony that the opposition is attempting to prove that the woman has committed perjury.

One time Mrs. Carvey conducted a restaurant in San Francisco, where Carvey, who died in 1908, was well known as a waiter.

COUNTY TO BURY RICH MAN'S SON

Police Unable to Find Relatives of Sanford Cavanaugh, Who Committed Suicide

ALAMEDA, Aug. 23.—Sanford Cavanaugh, suicide, supposed to be the son of a wealthy family in the East, is likely to be buried in a pauper's grave.

Cavanaugh is the man who leaped from the Alameda mole Tuesday night after twice attempting to end his life by hurling himself under trains. His body was recovered yesterday morning and was identified in the Alameda morgue yesterday afternoon by C. A. Meyers of 2122 Fillmore street, San Francisco.

Cavanaugh was formerly employed by Meyers as a photograph solicitor, and he often spoke to his employer of his family. But he never mentioned the names of any of his relatives. They are supposed to be residents of Minneapolis or St. Paul, and are said to be among the twin cities foremost society leaders.

Cavanaugh is said to have been estranged from his family because of his weakness for drink, which is said also to have been the cause of his suicide.

Deputy Coroner C. H. Weyer, who has charge of the body, said this morning that, while Cavanaugh has a sister in Seattle, and other relatives in the East, the names of none of them are known and that the only means of getting in touch with them is through the police departments of Seattle and Minneapolis.

The body will be held for a few days pending whatever investigations may be undertaken. If the relatives are not ready concerning the disposition of the body within the next few days it will be buried at the expense of the county.

Cavanaugh's body was found by workmen at the Alameda mole. Order blanks for Meyers' photograph gallery were found in the coat and pocket of the man by which the body was identified. Meyers says that Cavanaugh was released from his employment several weeks ago because of his propensity for drinking. For some time he was without work and this is believed to have been the cause of his suicide.

LODGE NOT TO OUST CALDER

Woman Who Claims to Be His First Wife Silent as to Charges

ALAMEDA, Aug. 23.—After returning from Lake Tahoe Saturday, Mr. and Mrs. J. D. Calder left Saturday afternoon for Oakland to visit Calder's mother. Calder is expected home this afternoon. He has engaged Judge A. P. St. Sure as his legal adviser.

That Calder will not be ousted from the local lodge of Elks, of which he is second, was stated today by several prominent Elks, who were both to discuss the case, but who emphatically denied that Calder had been asked to resign.

"I am not an officer in the Elks lodge," said Charles S. Ned, "but I think I can safely say that Calder will not be asked to resign—any way not until the charges of the matter have been investigated. There are two sides to every question, and while the woman who claims to be his first wife is silent, as to much talking as she is doing, Calder, as a gentleman, has to keep quiet."

Elks to Meet

There will be a meeting of the Elks tonight and a full attendance is expected. In all probability the marital troubles of Calder will be discussed by the official body.

Woman Silent

At the Oxford today where the woman who says she is Mrs. J. D. Calder No. 1 has been staying, she was reported that she had removed to an apartment house at Fourteenth and Market streets, Oakland.

KILLED THE BABY TO STOP EXPENSE

Mrs. McDonald Formally Charged With Murder in Court This Morning

SAN FRANCISCO, Aug. 23.—Looking brighter than at any time since her life was saved after she had attempted to kill herself following the murder of her infant child, Laura McDonald appeared in Judge Conley's court this morning to answer to a charge of murder. She was overcome with emotion last week when she pleaded not guilty, but has been considerably comforted since, through the efforts of charitable persons, who are going to aid her in her defense.

Unable to pay money to support her child, Mrs. McDonald killed it by several months ago, and made an unsuccessful attempt to end her own existence. The case was continued this morning until September 15.

TO HEAR REQUEST FOR FRANCHISE

Application of Southern Pacific to Come Before Council Tonight

The application of the Southern Pacific Company to change its lines on Webster and Franklin streets from steam to electricity and to continue its line out Webster street, will come up this evening at a meeting of the City Council. There will be a number of protestants to granting the franchise, chief among them being H. C. Capwell, who will be represented by Attorney Charles E. Snook. It is probable that the other protestants will also employ the same attorney.

The hearing of the application was to have been held several weeks ago, but the date was postponed from week to week in the hope that a compromise could be reached. At tonight's meeting the protestants will be given an opportunity of being heard.

The Southern Pacific will be represented by Attorney John Allen and the several officials of the company on this side of the bay.

The Board of Public Works this morning granted the Oakland Bank of Savings its present building. The cost will be \$90,000. Dickey & Reid are the architects.

THOUSANDS HEAR LIBERATI'S BAND

Double Sextette and Cornet Solos Draw Many to Idora

If the insatiable American love of a bargain holds good, Idora will not be able to accommodate the rush during the remainder of the week to hear Liberati's band and opera singers. There have been many bands at Idora, but never before has a program been offered such as Liberati presented yesterday in the Idora shell and at the ridiculously low prices that prevail at "the park beautiful."

Liberati's is a varied offering. Music played, sung and rendered in various forms of individual and collective styles by artists under the direction of the Italian virtuoso, make up the musical program. It sets a new standard for summer band concerts. Heretofore audiences have been content to hear the "Anvil Chorus" with electrical effects, or to thrill to the sextette and cornet solos of the big pleasure grounds with marvelous melody.

THOMAS CASE SET FOR HEARING

The cases of James C. Tomalty, accused of the murder of George J. Tomalty, the treasurer of the office, and that of Charles W. French, being on Judge Lippitt's calendar, he informed District Attorney Langdon that he would want to go ahead with them instead of the Calder case, which he has postponed. Attorney Castello, representing the former, protested against proceeding at this time, but was overruled by the court at 10 o'clock tomorrow prepared to set the matter definitely.

WANTS POLICEMEN TO BE HORTICULTURISTS

ALAMEDA, Aug. 23.—Theodore Mitchell, a clerk of 1030 Fair Oaks avenue, this city, wants the police to become horticulturists. The beautification of Alameda thoroughfares and the convenience of pedestrians are the ends at which he aims.

Mitchell filed a report with the police department last night in which he stated that the limbs of the trees at Caroline street and Fair Oaks avenue are so low that pedestrians nightly scratch their faces because of the overhanging branches. Then, too, says Mr. Mitchell, this low, overhanging branch idea is not at all beautiful.

Conrad and pending the issuing of orders the patrolmen are wondering whether or not they are to be pressed into the service of the city as unofficial trimmers of trees.

Miss Jessie Bird of Ottawa, Kansas, is spending a month with her cousin, Mrs. J. P. McCracken of 1515 Stuart street.

BERKELEY MAN WHO LEFT HOME AFTER DRUNK WANTS TO COME BACK

BERKELEY, Aug. 23.—Robert Post, who left his wife and child at their home at 1337 Taylor avenue Monday night of July 7th and had been given up for dead for the past two months, has written to his wife asking to be permitted to return.

He is in Spokane, in the employ of an electrician, and has been making his way in his craving for drink, after years of abstinence.

He was ashamed to face his wife, and decided to go away.

Post left home saying he was going to Oakland to pay his lodge dues. He failed to appear at his home that evening, and his wife has been steadily declining in health, her critical condition being caused by grief over the belief that her husband had been murdered.

When the letter arrived yesterday Mrs. Post lost no time in sending word to her husband to come home immediately, readily forgiving him.

CHURCH OPENED BY BISHOP HUGHES

College Ave. Edifice Formally Dedicated at Sunday Service

Rev. Clarence Reed Accepts Call to Church at Palo Alto

RELIGION MUST BE BROAD, HE DECLARES

Divine Regrets That Women Are Entering in "This Lodge Business"

BERKELEY, Aug. 23.—The new College Avenue Methodist Episcopal Church, at College avenue and Russell street, was formally dedicated yesterday with impressive ceremonies by the Rev. Edwin H. Hughes, bishop for this district. The service was attended by the new church's pastor, the Rev. Clarence Reed, and almost every Methodist clergyman of note about the bay. Bishop Hughes spoke on "The Church's Need of Inclusiveness," and said in part:

"The church must be inclusive. It must include a man's family, in this respect differing from a lodge. I belong to a lodge myself, but I cannot take my wife or family there. I have nothing to say against the lodge, but when a man belongs to five or six lodges, and can talk of nothing else there is something wrong with that man. This same lodge business is breaking out in the women, too. I am sorry to say. This church includes both sexes in its membership, and should also be inclusive in regard to age. The church should also be inclusive as regards poverty or wealth. Riches in themselves do nothing for a man. For instance, let me ask you the richest man in George Washington's time was? No one knows. The man who ever born in the United States, one to whom the kings of the earth looked up, died a poor man. His name was Abraham Lincoln.

Professor Coe has not been in Alameda since the death of his wife, four years ago. He has been making a tour of the United States and Canada. At present he is at Deer Park Inn.

Knowland will be the guest of honor of the Native Sons of Alameda county at a theater party at the Orpheum tonight.

THIS COUNTY MAY BE NEW DISTRICT

Increased Population to Bring Congressional Representative

Alameda county's fast growing population is soon to be rewarded, according to opinions of congressional delegates visiting San Francisco, and when the result of the 1910 census is made known, California will get a ninth representative in Congress.

Alameda county is now included in the Third Congressional district, represented by Joseph R. Knowland. The district which Knowland represents includes Vallecito, Point Richmond and a considerable number of well-populated territory outside of Alameda county. This territory, should Alameda county show enough population for the formation of a new district, would be shifted into another district.

The taking of the 1910 census will begin next April. Upon its completion Congress will establish a new district population. The new population in the district will be greater, as it is the plan of the House to limit the number of representatives to 435, and the new district will be a very large one.

ASK AID OF POLICE TO KEEP BOYS QUIET

ALAMEDA, Aug. 23.—Depredations committed by boys in this city have aroused several citizens of the Lincoln Park district to make complaints to the police.

Every evening a crowd of lads congregates in Lincoln Park, disturbing the neighborhood with their shouts and yells and insulting pedestrians. Last night the police were called to put a stop to the nuisance.

Several hours prior to the complaint from Lincoln Park Mrs. Mary H. Radewell of Oak Cliff and streets reported that a crowd of boys nightly played "hide and seek" in her neighborhood and that they had destroyed several stalks of corn in her field.

From other districts the destruction of "Pop" signs has been reported. The police have been given instructions to disperse these crowds of boys wherever found.

JUMPS FROM CAR; FACE BADLY CUT

Chinese Student Hurt When
Conductor Refuses to
Make Stop

Low Jack, a native-born Chinese who is a third-term pupil at the Oakland High school, jumped a moving street car this morning near that institution and sustained injuries which rendered his face a torn, unrecognizable mass and near disfigurement. The boy claims that he asked the conductor to stop the car near the school, and received in return for his request only a glare from the man who collects fares. He then jumped off at West street, failed to keep his footing and received half a dozen cuts on his face, one on the nose, one on the chin, one on each cheek bone, one on the lower lip and numerous abrasions. His hands were also badly hurt.

Low resides at 729 Polaris street and is a son of a wealthy Chinese merchant. He was treated at the Receiving Hospital.

Another Lim, another native-born celestial, who is a scholar at the Oakland High school, was injured when he was thrown from a car when the conductor refused to stop the car.

Fear of Mice Leads To Woman's Death

NEW YORK, Aug. 23.—Fear of rats and mice and the belief that her pet cat was chasing them toward her, killed Mrs. Sarah Nagler yesterday for in her efforts to escape the imaginary peril, she fell out of a third-story window. Since childhood she has been mortally afraid of rats and mice.

Rat traps and mouse traps were in every room of her house, and she kept a cat that was a splendid mouse catcher. While alone, she heard the cat scurrying in another room as if hunting with a mouse. With a scream she jumped to a chair. The chair was close to the window and in her haste Mrs. Nagler overturned it. She fell and pitched through the window.

STUMBLES ON STAIRS; FRACTURES HIS SKULL

SAN FRANCISCO, Aug. 23.—Michael Sullivan, a huckster, employed at Kelly's home, 1625 Bush street, at 1 o'clock this morning, stumbled and was pitched overboard. He was taken in an ambulance to the Central Emergency Hospital, where it was found that he had received a deep lacerated wound on the scalp and a possible fracture of the skull.

Feline Chorus in "La Petite Revue" at Orpheum Is Big Hit

MISS ELEANOR GORDON in "Tips on Tap" at the Oakland Orpheum.

BY BETTY MARTIN.

There is plenty of fun and go in the Orpheum program this week which, contrary to custom, is opened by two new comedies—Miss Lena Pantner and Sam Minn—two dark complexioned, lithe young people, doing a dancing stunt after a fashion all their own. The team work is good, but Lena would be welcome of herself alone, just because she sounds the latest note in hair dressing and comes to us in the usual array of rags and ruffs.

Four sketches are presented, not to mention a musical act which, including business and all, carries ten people. "La Petite Revue" is an old idea very cleverly utilized by Charles Lovensborg, who has connected it most cleverly with things modern. An immense frame and a ruffled velvet curtain are two prime requisites; add to this a half a dozen or more good voices and a similar number of presentable faces, seen and heard through so many slits in the curtain, and a complete amount of headless puppets, topped by living heads—and there you are.

Roy Dietrich, dressing gown, pipe and all, is first discovered, true to life and in dreamy mood. He imparts the wanderings of his subconscious mind to the audience, and presto! change! Mr. Dietrich fades from view, while six soloists appear through so many slits in the curtain, and give impersonations of stage celebrities of today. This is followed up by reminiscences of the once popular and always amusing piano, which, in turn, gives way to "A Stumblers' Serenade."

Feline Serenade

This serenade was of the order indulged in by domestic cats during their nightly parade along the back yard fence. Personally afterwarming always makes me long for a bootjack—and the singers of last night were extremely realistic in their imitations. So far back as twenty years, two ambitious people, a singer and a wife, whose names have slipped my memory, came on at the old

Baldwin Theater in San Francisco. The stage was made absolutely dark, except for a spot-light thrown on a black curtain, through which suddenly was thrust two heads, one that of a very beautiful woman, the other, masculine to a degree, and wearing a fierce black moustache. Both wore grey hoods, with kittenish ears rampant. Simultaneously with their entrance began a cat duet which carried on through all shades of wailing, culminating with a final "meow" which threatened to throw the house into convulsions.

San Francisco took this performance of the whole good-natured, though earnest raised a protest, and the act was never repeated. However, "La Petite Revue" is not by any means approach this exhibition—it only hints at it vaguely. And only an old-timer looks backward, anyway.

Kirby Cahill is a tenor voice hearing, and Harry Irwin's bass voice appears to go down to his boots. Nor are the others lacking in vocal ability, particularly the sopranos, of whom there are two. One cannot help wishing to hear more singing from so able a company.

Good Music Prevails

The five Avocets, each with a xylophone, and classical and patriotic airs, and Mr. Sam Chip and Mary Martin continue to win hearts with their quaint appearance and quainter ditties. "In Old Edam" is without doubt a popular number, and brings almost as many laughs, though not such uproarious ones, as "A King for a Night."

Topical songs are always popular, and Bob Matthews and Herbert Ashley sang themselves out of stock last evening in response to many recalls at the finish of "Held Up."

"Tips on Tap" is a racing sketch by that prolific producer, Edgar Allen Wolf. Eleanor Gordon and Joseph Sullivan are the stars in this domestic comedy, which conveys a lesson beneath that is worth providing.

Clog dancing is always appreciated, and, combined with originality, doubly so. Therefore do the Six Young Americans continue to win favor.

IMPRISONED ON CHARGE MADE BY GIRL

Child, Whose Testimony Sent
One Man to Prison, Ac-
cuses Another

FRANK B. ADAMS
TO BE INVESTIGATED

Couple Taken Into Custody
Following Bitter Quarrel
on Street

With one man serving thirty years in San Quentin, convicted of assaulting her while she was a guest at his home, 14-year-old Severina Ramirez has brought a similar charge against another man, who, she asserts, threatened to kill her because of her refusal to go to a room with him, and both are in custody pending a thorough investigation of the child's story.

The couple were taken into custody at the corner of Fifth and Washington streets, Sunday morning, when the girl, summoning a policeman, complained that her companion, Joseph Losie, a rancher because of her refusal to accede to his desires. She was crying bitterly and both were placed under arrest. At the police station the girl, who is well developed, tall and dark, asserted that Losie attacked her as she stepped from the Seventh street local, and, holding her arm in a vice-like grip, forced her to accompany him to the very doors of a house and was attempting to persuade her to enter quietly when she summoned aid.

Admits Slapping Her

The man denies the accusation and told an apparently connected story of having accompanied the girl to this city from San Leandro. He admits having slapped her, but states that it was because of her incoherent behavior on the considerable nervousness. When the Ramirez girl first came into the limelight, a little over a year ago, she made a charge of assault against Frank B. Adams, who was arrested on January 30, 1908, and afterward convicted and sent to San Quentin for a term of thirty years. The complaining witness was at that time barely 13 years of age, and her story created widespread attention. Adams denied the charge and the case was heard by Judge J. J. McQuinn, who testified to the truth of the child's story and the jury's verdict was rendered on the ground of "strong circumstantial evidence."

Found Weeping Girl

The testimony introduced at the trial was to the effect that Adams and his daughter, a girl twelve years, met Severina Ramirez late one evening walking by the roadside near their home in San Leandro. She told them that her father had driven her from his home and an inability to sleep. On Adams' invitation to sleep accompanied the father and daughter to the home and spent the night there, three sleeping in the only bed in the house.

The next morning the girl stumbled into the office of the chief of police at the city hall and told a story of brutal assault, while Adams' daughter, Severina, was arrested and placed on trial. There was no evidence except the child's story, but her extreme youth, and the testimony of medical experts, weighed strongly against Adams. He was charged, and his attempt to prove that the attack could not have been committed without the knowledge of his own daughter, who was sleeping with them.

Since then efforts have been made from time to time to gain a rehearing and Captain of Detectives Peterson, who is now making a thorough investigation of both cases, says that he has been informed, though he has not as yet looked between the girl's father and Adams for several months prior to the arrest, because of Ramirez' jealousy over Adams' alleged intimacy with his wife.

There was a suggestion at the beginning of the trial that the girl may have been sent to Adams' house by some one on gaining revenge, and this phase of the case will now be thoroughly investigated. The police are inclined to give little credence to the girl's latest story, but Captain of Detectives Peterson said today:

"Although I know nothing of the character of Losie, who is booked at the police station on a charge of battery, pending an investigation, I believe the girl may not have been wholly without blame, and dignity, in the present case. As I remember it, the evidence against Adams was very strong, and he protested his innocence to the very doors of the prison, he was convicted by a jury after a thorough hearing. There were no witnesses as to his guilt in such cases, and, of course, his guilt was never absolutely proved, though there seemed no reasonable doubt of it at the time."

In Detention Home

Severina Ramirez was kept in solitary confinement at the city prison last night, and this morning was sent to the Alameda county detention home, where she will be held pending a thorough going trial. Just what the outcome will be it is impossible to say, but if it is proved that the girl has been mixed up at various times in similar cases and a doubt cast on her story it may have some influence on her procuring Adams' release.

The child at the city prison last night claimed to have been living in San Leandro, but it is thought that she has been staying with relatives in Berkeley, though so far none of them has come forward.

Probation Officer Russ states that he believes the girl has been allowed too much liberty. He says:

"Mrs. McCall, the matron of the probation home, had a talk with the girl this morning. We do not think she has gone far enough on her wayward career to warrant her commitment to the institution and we shall use our influence with her parents to have her sent back to school and properly looked after at home."

According to Russ the girl was formerly a pupil of the Campbell school and is anxious to return there. She asserts that she has been allowed to roam the streets at will since she was a mere child and blames her parents for their lack of discipline which, she says, she realizes should have been unusually strict in her case.

BUSINESS MAN AND PRINCE OF PUBLIC CATERERS WE SHOULD BE PROUD OF

FIGHTING CHARLEY NEWMAN.

Opening of One of the Swellest Cafes in the Universe, Wednesday, August 25th, in San Francisco

After having demonstrated in Oakland that a really true Bohemian cafe, where goodfellowship would reign without presenting a feature calculated to offend the most refined taste, would succeed, Charles Newman, proprietor of the College Inn, has gone across the bay and has there located a place which will not only combine all the features which make his local hostelry so attractive, but has added others which render it the most original and unique cafe in the country.

This does not mean that Newman has forsaken Oakland. On the contrary, his allegiance to the city of his adoption following the disaster of April, 1906, is as strong as ever. Although considerable pressure was brought to bear as soon as it was seen that San Francisco was going to rebuild, in an effort to have him return to the scenes of his former triumphs, Newman remained firm in his allegiance to Oakland. Not until he secured the location at Tiddy and Powell streets, where his new cafe is about to be opened, would he think of going back to San Francisco, and with all this, he announced his determination to still continue his now famous College Inn here.

As a member of Oakland's Chamber of Commerce and other civic organizations, he will, he states, still retain his interests here and will "boost" for the city of his adoption at all times. It was to the success achieved by his College Inn here that he ascribes the consummation of his ideas in San Francisco, and while his business across the bay will take up a certain amount of his time, Oakland will still have a firm and lasting hold upon him.

The new cafe in San Francisco will naturally be much of an improvement on the Oakland establishment. At Tuesday, August 25, there will be several features which have never been played in a cafe before in the history of the Pacific Coast.

The whole idea is original. Designed by Mr. Newman and built by the Brunswick-Balke-Collender Co., and decorated by George Neese, the well-known painter of Oakland, it is a fairland of glass, multi-colored lights, paintings, statuary; perfectly appointed, architecturally beautiful, chaste in design, a monument to the originality of Charles Newman and to the ability of the men who carried out his design.

The fittings, furnishing and supplies will cost approximately \$40,000. The interior is finished in quartered oak. The floor is made of the best quality of tile in which the decorations take the form of large California poppies done in natural colors. The ceiling is finished in gold leaf and lead, the combination presenting a brilliant and striking effect. Over \$1400 worth of gold leaf and \$1400 worth of gun shot gold leaf, the California poppies of the gold and lead into the beautiful designs of the ceiling occupied a corps of skilled men over five weeks.

The name of the new establishment is another of the many unique features. It is known as "Newman's College," and it will certainly carry out the promise of its name, for within the portals will be found a liberal education in all that concerns that which is most appetizing and satisfying for both hunger and thirst.

One of the most striking decorations is the tapestry panels, illustrative of scenes of a business man's life, from his school days, through his college period, up to the serene and placid life in the home of his middle age and prosperity. Before the bar is a scene emblematic of the golden days of '49, flanked by the California bear and the working tools of the miner of early days.

The cafe is the most elaborately appointed in San Francisco, and San Francisco's cafes lead the world. It is finished in hardwood and contains

every convenience that the mind of men could suggest. The most impressive object on the walls is the reproduction of a light-house, with a life-like figure of a coast guardman in the act of throwing a life line to a shipwrecked mariner.

Back of the bar rises a canopy of glass, behind which in rads of lights will shine at night, all so arranged that the colors of any college in the United States may be shown on the glass.

Automatic cuspidors, similar to those attached to dental chairs, with water continually flowing through them, are in front of the bar. The lunch counter which runs parallel to the bar and opposite there to is a model of construction. On the counter is a statue of a nymph in brass. By her side is a glass cascade made to represent a waterfall. From the nymph's hand, which holds a pitcher, will fall a sheet of water, which will be caught in a glass.

IS FREED FROM GAMBLER HUSBAND

Wife's Tale of Many Beatings
Brings Decree From
Judge Ellsworth

Edna Snyder, who told the court that her husband's occupation was that of a gambler, has been granted a final decree of divorce by Superior Judge Ellsworth from Paul S. Snyder on the ground of extreme cruelty. The couple were married in Fresno in October, 1901, and lived together three years. Mrs. Snyder told the court that her husband was a gambler and that he could not stand her husband's brutality any longer. She had to support herself by working out during the entire period of her marital career, she said, because Snyder would not support her, and in addition she says she suffered many beatings at his hands.

CASE OF RANKIN IS AGAIN PUT OVER

SAN FRANCISCO, Aug. 23.—C. E. Rankin, accused of the misappropriation of a number of bonds of the Ocean Shore Railway, appeared in Judge Conley's court today for a Special Prosecutor Hiram Johnson desired to go on at once, but Attorney Frank Drew, who has been ill, requested a continuance until Wednesday, when he hoped he would feel well enough to proceed.

The matter has to be tried before September 1, as Judge Conley must leave for Modesto on that date. In a former trial of the issue the jury disagreed.

SPECTACULAR FIRE IN PURITAN RESTAURANT

SAN FRANCISCO, Aug. 23.—A spectacular fire, caused by a defective range in the kitchen of the Puritan restaurant, 1417 Fillmore street, sent a crowd of early morning patrons rushing to the street and caused two alarms to be turned in from box 881 at 8:30 a. m. The flames shooting high from the flue structure attracted the attention of the battalion chief and a second alarm was turned in for the exact nature of the blaze was discovered. When the department set to work it was found that the fire was not so serious one and it was extinguished with nominal loss.

WIFE FILES TWO DIVORCE ACTIONS

University Elopement Ends in
Double Suit Against
Young Husband

LOS ANGELES, Aug. 23.—Two suits for divorce by one wife against one husband is the peculiar situation in the affairs of Mr. and Mrs. Paul Engstrom, who began married life two years ago as a runaway boy and girl couple from the University of California, where they were students.

The first suit for divorce was filed here July 21 last year, eleven months after the marriage in San Francisco on August 24, 1907. Although there is no record that this suit was withdrawn or dismissed, the second complaint was filed Saturday, three days before the second anniversary of the unhappy union.

Mrs. Engstrom before her marriage was Miss Ruth Tweed Aubrey, daughter of State Mineralogist Louis E. Aubrey. Engstrom is the son of P. O. Engstrom, a wealthy contractor.

They were students at the University of California when they decided to elope. Miss Aubrey was seventeen years of age and Engstrom was not quite nineteen.

The runaway wedding ended their studies at the university and they came to Los Angeles.

The grounds upon which the girl seeks her freedom are kept secret.

Miss Eleanor Black, daughter of Judge Paul Black, who is now in the city, was guest of the Misses May.

NEWCASTLE'S DUKE TO TOUR IN WEST

Prominent Englishman Will Visit Mining Interests on

NEW YORK, Aug. 23.—The Duke of Newcastle has arrived here with the intention of making a two months' tour of the United States, particularly visiting western cities. He is expected to bring and timber interests in the Northwest and Canada. His stay depends upon the success of his mission in the House of Commons. He is being considered by the House as a man who will be opposed to the measure, believing it to be socialistic, and if the House of Commons should pass it, he is sure he will do, he will return to England to vote against it in the House of Lords. Speaking of the woman's suffrage movement, he said:

"To be a good wife and mother is a far greater honor than to direct the affairs of the nation. It is in this sphere that she can do the greatest good. The way that the hand that rocks the cradle is the hand that guides the world. But she must be on affairs of state and rock the cradle, to she cannot fill both places and do it well. It is not

her exquisite tulle gown of hand-embroidered lingerie. A social hour preceded the serving of the supper, after which the dainty parcels were opened by the young bride-elect. A dozen dainty handkerchiefs were within the packages, and will make a pretty addition to the wedding accessories. Tomorrow Miss Wastell will be the complimentary guest at the home of Mrs. Walter W. WHAT WOMEN ARE DOING

Mayor Arthur of McKeesport, Pa., has decided that men convicted of intoxication must sign a paper permitting their wives to draw their wages for at least one year. In the case of an unmarried man his next of kin, man or woman, is to draw his wages. The alternative is a term of six months in the workhouse.

Mrs. H. C. Schneider is to walk from St. Louis to Boston, a distance of about fifteen hundred miles, for the sake of proving that American women excel as walkers. She is to be accompanied by her husband and they expect to cover fifty miles a day.

The one woman candidate for a seat in the Bohemian Parliament at the recent by-election is said to have received about eighteen per cent of all the votes cast. There were so many parties in the field that no candidate received a majority and the election will be held again.

Mrs. Mary H. Cooper, probate judge of Mitchell county, Kansas, is said to be called on more frequently than any other probate judge in the State to perform marriage ceremonies. Her popularity in this particular is said to have been brought about through her omission of the word "obey" in the service and her determination not to accept more than the legal fee for the ceremony. Mrs. Cooper was appointed to the office of probate judge to succeed her husband on his death some time ago.

Miss M. Ellis had been elected librarian of the Belleville, Ill., public library. The library has been in existence more than thirty years and Miss Ellis is the first woman to be librarian. She is 23.

Miss Gertrude E. Curtiss of Bradford, Pa., is said to be the first negro girl to become a dentist in the Eastern States.

Miss Elizabeth McGilvary is the only teacher in New York who has her school room on the roof of a hospital. Also she is the first teacher ever appointed to take charge of a class which is under medical care.

Miss McGilvary was appointed from the ranks of the public school teachers to teach the children who are suffering from tuberculosis and are quarantined on the roof of the Vanderbilt Clinic in the Red Cross consumptive camp which was opened last December. There are at present about twenty pupils enrolled, and the course of study will be made to conform as nearly as possible to that in the public schools.

When a child who is suffering with tuberculosis has to leave school to enter the camp he will take up his studies directly where he left off in the schoolroom. In this way children will be able to resume their places in school without loss of time.

Miss Elizabeth Plankington of Milwaukee recently gave the Young Women's Christian Association of that city \$100,000. Only a short time before she gave a \$10,000 pipe organ to the Milwaukee Auditorium and several years ago she added to the beauty of her home city by having a statue of George Washington erected in a public square. Miss Plankington is a thorough business woman with sufficient knowledge of the law to manage her large property successfully.

THE PARTING

Farewell—I will not now
The wasted time renew;
No cloud upon my cheek or brow
Shall wake one pang for you;
But here, unseen, unheard,
Ere evening's shadows fly,
I will but say that one weak word,
And pass unwelcomed by.

Farewell—but it is strange,
As round your towers I roam,
To think how desolate a change
Has come o'er heart and home;
Where stranger minstrels throng,
Where harrier harps are cherished,
The very memory of my song
Is, like its echo, perished.

The bird your gold has brought
From its own Orient bowers,
Where ever wandering wind is fraught
With the sweet breath of flowers,
Will never murmur more
A note so clear and high
As that which he was wont to pour
Beneath his native sky.

Favors a Whipping Post For Women

NEW YORK.—When Fred Carlson, 38 years old, of 302 East One Hundredth street, charged by his wife with felonious assault, was dismissed by Magistrate Breen in the Harlem Court, the Magistrate said:

"Carlson, you are discharged. I coincide with those who believe that whipping posts should be revived, but in this case it is not the husband but the wife who should be whipped."

Special Offer of Marriage

EL PASO, Texas.—Because, he says, his brother, Captain Cromwell Stacey, of the Twenty-first Infantry, obtained a wife through a newspaper and has lived happily ever after, Corporal Aubrey B. Stacey, Company B, Nineteenth Infantry, stationed at Fort Bliss, is advertising for a wife.

The corporal enlisted in the service fourteen years ago in New York, but has now accepted a position as instructor at the Chamberlain Military Institute, Randolph, N. Y., with the rank of captain. If he is married his wife will be appointed matron and nurse if she desires, and he is offering this as an inducement. Corporal Stacey says he has a brother in the inspector-general's department at Washington and is the son of Brigadier-General M. H. Stacey, U. S. A., retired.

NEW YORK.—Justice Crane, in the Supreme Court, Brooklyn, reserved decision yesterday on whether to grant a separation to a woman from her husband to permit her to regain her position as teacher in the public schools. The husband and wife have been living apart for several months. The husband contributed faithfully to her support, but the wife finally refused to accept his money, thinking she could get a bigger income by teaching school. The woman, however, needs the decree of separation to convince the Board of Education she is legally qualified for a teaching position under the board's rules.

The woman is Mrs. Helen Reimers. Her husband is Hugo T. Reimers, who formerly was an officer on one of the Hamburg-American line steamships. The couple have been married for several years, but they quarreled, the court was informed, because of the husband's objection to the presence in their home of Mrs. Reimers' sister, a music teacher. Reimers said he thought it was all right for the sister to be there while he was away on board ship, but he did not want her in his home when he was there. Justice W. Smith, counsel for the husband, explained that the couple agreed to separate. They signed a contract by which the husband was to pay her one-third of his salary weekly.

Mrs. Reimers became caretaker of a row of houses and support of her daughter, 5 years old. She decided she preferred to teach school, as she did before she was married. On making application she learned of the rule against married women. She went to the Legal Aid Society, where she was advised to get a separation from her husband. She refused his weekly contributions to her support and filed the suit, saying she would take his money on only on the order of the court.

Justice Crane is puzzled somewhat by the case. He sees that the husband is willing to support his wife, and he is doubtful whether there are any grounds for signing an order of separation. "The defendant is a poor man," said Smith, "and cannot afford to give his wife a passport to the good graces of the Board of Education."

"Could you get along without a separation except for the rules of the Board of Education?" asked Justice Crane of the woman's lawyer. The lawyer refused to argue that point, and Justice Crane said he would take the case under advisement.

Another of the Wanamakers Plans to Wed 13 CHILDREN in 13 YEARS Not Unlucky

PHILADELPHIA.—Neither Robert Barker of 1526 Ontario street, nor his wife has any faith in the superstition of "unlucky thirteen." They say there is no reason why they should have. They were married August 13, thirteen years ago. They have had thirteen children, including two sets of twins. Last night, in honor of their thirteenth anniversary, they gave a dinner to which twenty-six persons sat, thirteen at each of two tables. Barker was at the head of one table and his wife at the head of the other. "I don't believe in this unlucky thirteen bosh," said Barker yesterday. "I don't see that my wife and I have been unlucky. We have had fairly good health, and I have had steady employment since we were married."

Mrs. Arthur McDermott Wilson, president of the women's auxiliary of the Uncle Remus Memorial Fund, is to begin active work for the fund immediately on her return from Europe, where she has been spending the summer with her husband. The fund is for the purpose of buying and keeping as a perpetual memorial of Joel Chandler Harris his home, Snap Road Farm, on Garden street, in the western suburb of Atlanta. Mrs. Wilson is one of the most prominent clubwomen in the South. At one time she was president of more than a dozen clubs. She is now vice-president of the United Daughters of the Confederacy.

GIRL WARNS GIRL AGAINST DRINK HABIT

quickly and my brain grew numb. I do not know exactly how I got out of the cafe or the events leading up to it. But when I awoke the next morning I felt dazed.

"I then decided to run away from home; I decided it would be best. I came to Kansas City about April 1. I felt in with bad associates, but finally married. I went to Dallas, Tex., with my husband. There we quarreled and he returned to Kansas City without me, but I soon followed. We made up here, but quarreled again and separated and then I started anew and the rest you know. I slept in a cheap rooming house last Sunday night. Monday I came here, hoping that there might be some relief, but it seems all up with me."

Mrs. C. F. Smith, the wife of a Hong Kong shipping merchant, who is in this country on a visit, says that the missionaries educate the Chinese, but it is very doubtful whether they ever convert them. She says a Jesuit priest who worked for twenty years among them told her that he could not say for certain that he had ever converted one of them. For the sake of money she thinks the Chinese will pretend conversion.

From Her Death Bed

KANSAS CITY.—Just before she died in a hospital this morning from the effects of dissipation, which prevented her from rallying after an operation, Miss Helen Chambers, seventeen and pretty, told how she had taken her first drink last New Year's eve. "That was the beginning of it, this is the ending of it," she said pathetically.

Her home was in Aurora, Ill., near Chicago, where her family is highly respected. The unfortunate, who seven months ago was a simple country girl, about to be graduated from high school, about to live on abstinence and morphine for two weeks before being taken to the hospital. A message to her mother, still living in Aurora, received no response.

and the girl, with her life slowly ebbing out, dozed restlessly through weary and tortuous minutes until the end came. Hoping that her fate might be a warning to other girls, she told her story:

"On New Year's eve I went to Chicago with another girl. We met two boys and went to a cafe where the New Year's celebration was just starting. I did not know what it was like, but I found out. Everything was in order, but I noticed that the girls seemed to drink as much as the boys. I was warned to be careful, but I was too young to be a warning to other girls, she told her story:

The singer is a cook in her own right. It was added, and can explain, should there be necessity, just how certain favorite Italian dishes should be prepared.

Tetrazzini to Keep House in New York

NEW YORK.—One more foreign opera star soon due in New York has decided that civilized man cannot live without cooks, preferably of the home-grown variety. Caruso once kept house here, on the Italian plan, and Mary Garden brings a chef from Paris. The latest domestic recruit is Luisa Tetrazzini.

"Tetrazzini," said a friend of hers recently, "is tired of hotel life, and an agent has been commissioned to find a present at the University of Paris."

JACK JOHNSON ARRIVES, READY FOR TROUBLE

CHAMPION SAYS THAT JIM JEFFRIES IS AFRAID TO MEET HIM IN RING

Johnson Talks Confidently of His Fighting Powers and Says That He Will Probably Train in City of Oakland

By EDDIE SMITH.

JACK JOHNSON, champion heavyweight pugilist of the world and first black man to be recognized as such, arrived at San Francisco yesterday in an entirely different manner than he did when he came here the first time about eight years ago. At that time Jack wandered up from the southern section of the State with a few shavers in his pocket, a very good appetite, a wardrobe as extensive as that of a pauper, and a small hand grip, and a desire to scrap. Jack Johnson had no manager in those days, and he borrowed money from the same class of youngsters that he showed nicks for yesterday. When the coast line train from Los Angeles pulled into Fourth and Townsend streets depot yesterday afternoon a great crowd of colored gentlemen, as well as whites, had gathered at the depot to meet the same man whom nobody met eight years ago.

During that eight years Jack has attained much prominence, but never that which he enjoys at the present time, and, sure enough, there was as much difference in his appearance as there was in his entry. John was decorated in the very latest styles of tailoring, looked very prosperous and wore a smile on his face that reached from ear to ear. Jack was pleased, and as he marched down from the station with Clarence Estell on one side and Kid North on the other, he chatted good naturedly with the friends who had gathered to meet him. Johnson registered at Estell's Bancroft Hotel on Townsend street, and his manager, George Little, was taken to the St. Francis.

Will Train in Oakland

As soon as Jack had a chance he got down to business and informed all the listening fans that he was here to fight, and that he would go into training as soon as he possibly could. "I shall go into training immediately, perhaps Tuesday," said Jack. "I have not definitely decided as yet where I will go, but I expect to leave at once for the city of Oakland. I have many friends in Oakland and things would be very pleasant there."

Johnson has had a decided change come over him in the manner of his talk. A few years ago he was addicted to bragado and he could never have been accused of being too modest. Yesterday Jack showed a change. He talked with all sorts of confidence and had little hesitancy in saying that he felt he could beat all the Ketchels and Kaufmans and Jeffries that could be secured. He said it in a very different manner than he would have a few years ago, however. It was a very positive manner and one that convinced us that he was right on the job and ready to fight, but still there was a lack of bragado, and it was easy to see that Jack Johnson has not only risen in the game of fistfights, but he has become much smarter and better able to figure on the feelings of the public.

Says Jeff is Afraid

The one question that Johnson had to answer every time he met a new acquaintance was, "Do you think Jeffries will fight you?" And the black has answered the same old question that he now has a stereotyped answer ready in, "I have given up all hope of Jeffries fighting me and have become convinced that he is afraid of me."

The manner in which Johnson says that Jeffries is afraid of him would make it appear as if he really meant it, too, for he still informs all who listen that he is ready to bet \$1000 that Jeffries never enters the ring with him for a fight.

Johnson says that he will do lots of hard training for the Ketchel fight in October and that he will be in first-class shape. He also says that he will probably meet Jim Barry at Los Angeles on the 15th of September in a ten-round bout for Tom McCarthy.

Yesterday Jimmy Coffroth got busy and before the day was over he had Kaufman's manager and Johnson together trying to get a match for the 27th of September. Kaufman has been in training at Harbin Springs for the past few weeks and should be able to get into condition for the battle. Johnson says that he is not at his best and that the time is a little short for him to train. At any rate, Coffroth will hold another meeting today and try to arrange matters for a contest.

Ketchel Arrives Here

Stanley Ketchel also arrived in San Francisco yesterday and announced that he would leave immediately for New York, probably to meet Stanley, says that he is in the very finest of condition and that Johnson need not worry about his losing to Langford. The Michigan

JOHN JOHNSON, Champion Heavyweight of the World, Who Says Jeffries Will Never Meet Him in the Ring.

Turf Celebrities Entered In N. Y. Futurity Race

NEW YORK, Aug. 23.—The Futurity, which will run the opening day at the Sheepshead Bay track a week from today will have about a dozen 2-year-old starters, and among them, it is believed, will be the coming champions of the turf. From present indications the field will probably be James R. Kneen's Sweep and Grammar, August Belmont's Star Bottie and Dull Care; James McManus' Rock O'Brien; James J. Gaffney's Bartleythorpe; John E. Madden's Sticker, Hampton Court and Bishop; H. P. Brandt's Big Stick, E. B. Bradley's Colinet; W. J. Young's Mesmerizer; and T. W. O'Brien's Perry Johnson.

Emerson Beats Thiele In Eleven-Inning Battle

WATSONVILLE, Aug. 23.—Elmer Emerson, pitcher, yesterday at Monterey and Monterey won an exciting eleven-inning contest over the Salinas team in the time of 1:10. Both Emerson and Thiele pitched great ball, a batting rally in the eleventh proving disastrous for Salinas. Score: Monterey, 1; Salinas, 0.

Batteries—Emerson and Earles; Thiele and Rutledge.

WATSONVILLE, Aug. 23.—Watsonville won handily over Santa Cruz here today, the score being 8 to 1. Priole pitched fine ball for Watsonville and kept his hits well scattered. Score: Watsonville, 8; Santa Cruz, 1.

Batteries—Priole and Grant, Pedemonte and H. Arrellano.

WATSONVILLE, Aug. 23.—Hollister won over San Jose yesterday at Hollister and Yates, the Garden City pitcher, was batted all over the lot. The score was 10 to 6 in the seventh inning, the San Jose team leaving the field to catch their train. Score: Hollister, 10; San Jose, 6.

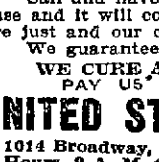

Batteries—Adams and Crittenden; Yates and Mitchell.

Eight-Club Inning Is Opposed by Dugdale

PORTLAND, Ore., Aug. 23.—Owners of two Northwestern League teams favor amalgamation with the Pacific Coast League in an eight-team organization next year. They are Judge McCredie of Aberdeen and J. R. Dickson of Vancouver. B. C. Owners of the other teams are strongly opposed to the proposed consolidation. They are Dugdale of Seattle and Joe Cohn of Spokane. The two remaining owners, A. B. McFarlane of Tacoma have declined to take a stand. Both these teams have been losing heavily at the gate, and it is doubtful if they would be retained another season in any event.

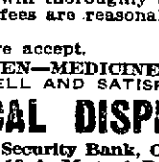

Dugdale is active in his opposition and is doing all he can to line up the whole league against the Coasters. Dugdale admits that the eight-club league would be an ideal one and that a schedule could probably be arranged at "coaching" very nearly to the present minimum of transportation expense established by both leagues, but he maintains that there is not enough commercial rivalry between the North and South to arouse the necessary interest to keep the gate receipts up, and therefore he will not recede.

LAWMAKERS AND LOCALS DIVIDE HONORS

Lightning Double Play by Hackett Pleases the Throng of Fans

STANDING OF STATE LEAGUE CLUBS.

Club	W.	L.	St.
San Francisco	12	11	522
Sacramento	10	13	455
Stockton	9	15	409

Oakland and Sacramento divided honors yesterday afternoon at the Grove street park, the locals taking the early contest, 10 to 4, and the visitors the afternoon one, 6 to 4. Both games were well attended and the slugfesting proved a money fight.

Trippett essayed to do the twirling in the morning, but found the job bigger than he could handle. The invaders took a decided liking to his shoots and in the fifth frame drove him to the bench, scoring five runs off him in that round. One would never believe that "Tub" Hackett was also a jester in the art of flinging the leather around the corners of the plate, but he is. He succeeded Trippett in the hilltop and gave a pretty exhibition of a pitcher ought to work. Only one safety was made in his delivery and that came in the seventh, when two runs resulted, errors being responsible for them. Henderson did the slush work for the Wanderers and had his usual speed and curves. He allowed but seven hits.

Afternoon Game

Bloomfield and Elmer Stricklett were the opposing pitchers in the afternoon and the latter had the better of the argument. After the second inning, when each side interchanged a pitcher, a brace of runs, Stricklett had his pitcher working in great shape and blanked his opponents until the ninth round, when he allowed two more hits, the same number of runs registering. Bloomfield, who got color and was administered a dose of the "old" in the fifth and eighth and on three hits in each chapter two runs came in.

San Francisco Plays Villagers Tomorrow

Vernon plays San Francisco tomorrow at Freeman's Park. The Beavers take issue with the Angels and the Athenians go to Sacramento. This week should be a hummer in the southland, but it looks as if the Seals will have a walkway with the Wanderers.

Protest Against O'Loughlin and Rigler Umpiring

NEW YORK, Aug. 23.—Protests against two major league umpires have been made and investigations may follow. Manager Stallings of the New York American League team has wired President F. J. Farrell of his club, that Umpire "Slim" O'Loughlin is prejudiced against his team and that in yesterday's game in Chicago he "deprived the New Yorks of a victory by a decision which was pronounced manifestly unfair by Chicago critics and fans."

Farrell says he will take the matter up with President Han Johnson and protest against O'Loughlin being assigned to umpire any more games played by the New York team.

Clark Griffith, manager of the Cincinnati club of the National League has registered a protest against Umpire Rigler and his decisions at the polo grounds on Saturday. Griffith has telegraphed President Garry Herrmann of the Cincinnati club that he has defeated the Cincinnati team when he declared Parkert out at the plate after Myers had dropped a thrown ball and also when the umpire called Higgins out on strikes.

'Rube' Waddell Gives Views on Tariff in St. Louis and in N. Y.

Speaking of prohibition woe brought up the subject of the tariff to 'Rube' Waddell of the St. Louis Nationals.

Certain Weight

"This tariff business is rather painful, anyhow. There came near being a deadlock on the thing but who would think of a deadlock in a baseball game? Maybe there might be a score, but what of it, wouldn't we have to get back to work the next day, or some day before the season was over, and play the thing out? These congressmen who don't know a thing about baseball, they should be put in the pen with the players who are injured. I'm for McLeod. Everybody roared him, but I know that he didn't deserve it. He was doing the best he could, but he couldn't assure the American league that every one of his players would be able to get through the season without a strained muscle or a broken bone. The only trouble is that the public never looks at it that way. If I should happen to have a stiff shoulder, they'd say I was injured, because they have. I can't help catching cold in my shoulder once in a while. If anybody can give me a preventative against cold I'll stake myself to living at least one hundred years."

ALAMEDA ALERTS WIN THE FIFTH STRAIGHT

Jenkins Allows Haywards 4 Hits; W. Merriman's Batting Feature

The Alameda Alerts won the fifth successive victory at Hayward yesterday afternoon, defeating the home team in an exciting 5-to-1 encounter. The Alerts, a ball, and W. Merriman's two-bagger scored Russell in the second inning, and the Alerts' pitcher, Leary, made the circuit on his double. Leary's single Jenkins allowed only two hits in the first eight innings, and appeared to be sure of a shut-out. In the ninth, with two out, he walked J. Deane, and the latter scored on Leary's single. Jenkins' error on Leary's long two-base hit, and the Alerts won in the ninth, 5 to 1. The game was a double play, exciting, two snappy batting honors with two two-baggers in the eighth. A record crowd was in attendance, several special cars having carried the Alameda fans to the ground.

LIQUOR MAN SAYS PULKE IS WRONG

Hayward Brewer Characterizes Statements of Saloon Agitator as Falsifications

At the meeting of the Board of Supervisors this morning Charles Heyer, the brewer of Hayward, who was referred to by Burke, the anti-saloon agitator, as having been on saloon bonds and as having his property mortgaged for more than it was assessed, was present and characterized Burke's statement so far as it referred to himself and partner as willfully false.

"Burke says," declared Heyer to a TRIBUNE representative, "that I am on the assessment roll for only \$3800 and that my property is mortgaged for \$4800, and that I pay a tax of only \$30.30. This is not a mortgage of that kind on my property and interest of paying only \$30 taxes. I pay three times as much every year."

"He also says that Mrs. Palmatier, wife of my partner, is not on the assessment roll of Alameda county. That is another falsehood. Mrs. Palmatier owns six pieces of property in Eden township and they are all on the roll."

At 72 He Advises Work Until Death; Says Quit Tobacco

SPOKANE, Wash., Aug. 22.—"No man can do justice to himself and his generation by retiring from business or profession before death," said Albert Johnson of Minneapolis, born in Massachusetts 72 years ago, a mining engineer by profession, an economist and banker by profession, advanced this theory in the course of an interview on his retirement from business.

"I have lived a full life," he said, "and I believe in staying by the shop until it sinks. I laid down the reins of active business three years ago when my wife died, and I have been wondering ever since why I did not stay happy, but not as contented as I might be if I had not given up my business."

"Since then I have lost my grip on current events, which I might just as well have kept up. However, I am not willing to give up my life, but instead of buying myself with public and private affairs I have turned to wood carving, traveling, reading, and doing odd jobs. I would not advise any young man who desires to advance to touch the weed."
